E-Safety Policy

Nine Acres Primary School

Approved By:	MIKE SIZER-GREEN
Approval Date:	12/12/19
Review Frequency:	ANNUALLY
Next Review Due:	December 2020

New technologies inspire children to be creative, communicate and learn. However, while the internet is a great resource, it is important that children and young people are protected from the risks they may encounter. Nine Acres Primary School endeavours to highlight benefits and risks of using technology and provides Safeguarding and education for users to enable them to control their online experience.

Links to other policies and national guidance

The following school policies and procedures should also be referred to:

- Safeguarding Policy
- Whistleblowing policy
- Behaviour Policy
- Staff code of conduct
- Data Protection
- Social Media Policy

The following local/national guidance should also be read in conjunction with this policy:

- Isle of Wight Local Safeguarding Children Partnership, Guidelines and Procedures (2019)
- PREVENT Strategy HM Government
- Keeping Children Safe in Education DfE September 2019
- Teaching Online Safety in Schools DfE June 2019
- Working together to Safeguard Children
- Learning together to be Safe: A Toolkit to help Schools contribute to the Prevention of Violent Extremism.

Learning and Teaching

We believe that the key to developing safe and responsible behaviours online, not only for pupils but everyone within our school community, lies within effective education. We know that the internet and other technologies are embedded in our pupils' lives, not just in our school but outside as well, and we believe we have a duty to help prepare our pupils to safely benefit from the opportunities the internet brings.

- We will provide a curriculum which has e-Safety related lessons embedded throughout.
- We will celebrate and promote e-Safety through a planned programme of assemblies and whole-school activities, including promoting Safer Internet Day each year.
- We will discuss, remind or raise relevant e-Safety messages with pupils routinely wherever suitable opportunities arise during all lessons. We will include the need to protect personal information, consider the consequences their actions may have on others, the need to check the accuracy and validity of information they use and the need to respect and acknowledge ownership of digital materials.
- Any internet use will be carefully planned to ensure that it is age appropriate and supports the learning objective for specific curriculum areas.
- Pupils well be taught how to use a range of age-appropriate online tools in a safe and effective way.
- School will model safe and responsible behaviour in their own use of technology during lessons.
- We will teach pupils how to search for information and to evaluate the content of websites for accuracy when using them in any curriculum area.
- When searching the internet for information, pupils will be guided to use age appropriate search engines. All use will be monitored and pupils will be reminded of what to do if they come across unsuitable content.
- Pupils will be taught about the impact of online bullying and know how to seek help if they are affected by any form of online bullying. See Anti-Bullying Policy.

- Pupils will be made aware of where to seek advice or help if they experience problems when using the internet and related technologies; i.e. parent or carer, teacher or trusted staff member, or an organisation such as Childline or the CEOP report abuse button.

Staff Training

Our staff receive regular information and training on e-Safety issues, as well as updates as and when new issues arise.

- As part of the induction process all staff receive information and guidance on the e-Safety Policy, the school's Acceptable Use Policy, e-security and reporting procedures.
- All staff will be made aware of individual responsibilities relating to the safeguarding of children within the context of e-Safety and know what to do in the event of misuse of technology by any member of the school community.
- All staff will be encouraged to incorporate e-Safety activities and awareness within their curriculum areas.

Managing ICT Systems and Access

- The school will agree on which users should and should not have internet access, the appropriate level of access and supervision they should receive
- Users will be made aware that they must take responsibility for their use and behaviour whole using the school ICT system and that such activity will be monitored and checked.
- All internet access will be undertaken alongside a member of staff or if working independently, a member of staff will supervise at all times.
- Members of staff will access the internet using an individual ID and password, which they will keep secure. They will ensure that they log out after each session and not allow pupils to access the internet through their ID or password.

Managing Filtering

- The school has a secure and up to date filtering system in place which is managed by the school. Banned phrases and websites are identified.
- The school has a clearly defined procedure for reporting breaches of filtering.
- If staff or pupils discover an unsuitable site, it must be reported to a member of SLT immediately.
- If users discover a website with potentially illegal content, this should be reported immediately to a member of SLT. The school will report such incidents to appropriate agencies including Internet Service Provider (ISP), Police, CEOP or the Internet Watch Foundation (IWF).
- Any amendments to the school filtering policy or block and allow lists, will be checked and assessed by the headteacher/ICT manager prior to being released or blocked.
- The evaluation of online content materials is a part of teaching and learning in every subject and will be viewed as a whole-school requirement across the curriculum.

E-Mail

- Staff and pupils should only use approved email accounts allocated to them by the school and should be aware that any use of the school email system will be monitored and checked.
- Staff should not use personal email accounts for professional purposes, especially to exchange any school related information or documents or to email parents/carers. Staff should not send emails to pupils.
- Pupils are encouraged to immediately tell a teacher or trusted adult if they receive any inappropriate or offensive emails.
- Irrespectively of how pupils or staff access their school email (from home or within school), school policies still apply.
- Chain messages are not permitted or forwarded on to other school owned email addresses.

Social Networking

- Staff will not post content or participate in any conversations which will be detrimental to the image of the school. Staff who hold an account should not have parents or pupils as their 'friends'. Doing so will result in disciplinary action or dismissal.
- Social media sites are password protected and run with approval from the Senior Leadership Team.

Pupils Publishing Content Online

- Pupils will not be allowed to post or create content on sites unless the site has been approved by a member of the teaching staff.
- Pupils' full names will not be used anywhere on the website, particularly in association with photographs and video.
- Written permission is obtained from the parents/carers before photographs and videos are published.
- Any images, videos or sound clips of pupils must be stored on the school network and never transferred to personally owned equipment.
- Pupils and staff are not permitted to use portable devices to store images/video/sound clips of pupils.

Mobile Phones and Devices

General use of personal devices

- Mobile phones and personally owned devices will not be used in any way during lessons or school time. They should be switched off or silent at all times.
- No images or videos will be taken on mobile phones or personally owned devices.
- In the case of school productions, parents/carers are permitted to take pictures of their child in accordance with school protocols which strongly advise against the publication of such photographs on social networking sites.
- The sending of abusive or inappropriate text, picture or video message is forbidden.

Pupils' use of personal devices

- Pupils' who need to bring a mobile phone in to school can do so but will need to leave them at the school office on silent during school hours.
- Pupils who do not follow the school policy relating to the use of mobile phones will not be permitted to bring their mobile phones into school.

Screening, Searching and Confiscation

The Education Act 2011 allows staff to lawfully search electronic devices, without consent or parental permission if there is any suspicion that the pupil has a device prohibited by school rules or the staff member has good reason to suspect the device may be used to:

- cause harm.
- disrupt teaching.
- break school rules.
- commit an offence.
- cause personal injury or damage property.

Staff use of personal devices

- Staff are not permitted to use their own mobile phones or devices for contacting children or their families within or outside of the setting in a professional capacity.
- Staff will not use personal devices such as mobile phones or cameras to take photos or videos of pupils and will only use school provided equipment for this purpose.

- If a member of staff breaches the school policy then disciplinary action may be taken.
- Mobile phones and personally owned devices will be switched off or switched to 'silent' mode. Bluetooth communication should be 'hidden' or switched off and mobile phones or devices will not be used during teaching periods unless permission has been granted by a member of SLT in emergency circumstances.

CCTV

- The school may use CCTV in some areas of school property as a security measure.
- Cameras will only be used in appropriate areas and there is clear signage indicating where it is in operation.

General Data Protection (GDPR) and E-safety

Data must always be processed lawfully, fairly and transparently; collected for specific, explicit and legitimate purposes; limited to what is necessary for the purposes for which it is processed; accurate and kept up to date; held securely; only retained for as long as is necessary for the reasons it was collected.

GDPR is relevant to e-safety since it impacts on the way in which personal information should be secured on school networks, computers and storage devices; and the security required for accessing, in order to prevent unauthorised access and dissemination of personal material.

Staff need to ensure that care is taken to ensure the safety and security of personal data regarding all of the school population and external stakeholders, particularly, but not exclusively, pupils, parents, staff and external agencies.

Personal and sensitive information should only be sent by e mail when on a secure network. Personal data should only be stored on secure devices.

In the event of a data breach, the school will notify the Local Authority's Data Protection Officer (DPO) immediately, who may need to inform the Information Commissioner's Office (ICO).

Support for Parents

- Parents attention will be drawn to the school's e-Safety policy, safety advice in newsletters, the school website and e-Safety information workshops.
- The school website and Facebook page will be used to provide parents with timely and meaningful information about their children's school lives and work to support the raising of achievement. The website and Facebook page will also provide links to appropriate online safety websites.

Radicalisation Procedures and Monitoring

It is important for us to be constantly vigilant and remain fully informed about the issues which affect the region in which we teach. Staff are reminded to suspend any professional disbelief that instances of radicalisation 'could not happen here' and to refer any concerns through the appropriate channels (currently via the Child Protection/Safeguarding Coordinator). Regular monitoring and filtering is in place to ensure that access to appropriate material on the internet and key word reporting is in place to ensure safety for all staff and pupils.

Sexual Harassment

Sexual harassment is likely to: violate a child's dignity, make them feel intimated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Online sexual harassment includes non-consensual sharing of sexual images or videos, knowingly sharing sexual images or videos (often referred to as 'sexting'), inappropriate sexual comments on social media, cyberbullying, gender based hate speech, sexual exploitation, coercion and threats.

Any reports of online sexual harassment will be taken seriously, and the police and Children's Social Care may be notified.

Our school follows and adheres to the national guidance - UKCCIS: *Sexting in schools and colleges: Responding to incidents and safeguarding young people*.

Responses to Incident of Concern

An important element of e-Safety is the ability to identify and deal with incidents of concern including the confidentiality of information. All staff, volunteers and pupils have a responsibility to report e-Safety incidents or concerns so that they may be dealt with effectively and in a timely manner in order to minimise any impact. The school has incident reporting procedures in place.

Sanctions

Misuse of the Internet may result in disciplinary action, including written warnings, withdrawal of access privileges and in extreme cases, suspension or expulsion in accordance with the school's Behaviour Policy. The school also reserves the right to report any illegal activities to the appropriate authorities

Policy Review Date: November 2020 or when changes are necessary to comply with school policy or national legislation.
